Delegate Tarlau,

Thanks for providing the amended language.

Your amended approach is certainly more collaborative with the utility companies. Unfortunately, I fear that the utility's will oppose any effort that limits or restricts their "vegetation management" authority. In my opinion, they seem to have a powerful and effective "lobbying voice" in Annapolis.

Thank you for your continued efforts!

David

I am planning on resubmitting an amended version. Let me know what you think of how I've amended it. The old version was DOA in the Committee. Jimmy

Delegate Tarlau,

I'm sending this again since I got an automated reply to your office email.

Thanks.

Subject: HB 376 - Vegetation Management

Delegate Tarlau,

Our City Council was discussing legislative issues at their meeting last night. Do you plan to resubmit HB 376 or similar legislation in 2016 that would allow for more municipal control over vegetation management practices by electric companies?

Thank you for your efforts in this area!

David
